About Us

Established in the year 1995, we, Tilak Polypack Private Limited, are known as one of the prominent manufacturers, exporters and suppliers of a broad range of Multilayer Films and Flexible Laminates in Rolls & Pouches. Our range of products comprises Unprinted PE Films, Printed PE Films, Flexible Laminated Rolls and Pouches, Shrink Film, Wrap-Around Labels, Lidding Foils etc. We manufacture our products using high grade raw materials, which are sourced from reputed vendors of the market. Our range of products is widely used in various industries for packaging purposes. The products are known for features such as durability, seamless finish and tear & wear resistance.

Promoted by technocrats having 30 years of experience, we are efficiently meeting the demands of our clients as per their exact requirements. Our sophisticated manufacturing facility, which is outfitted with hi-tech tools, machinery and technology, enables us to manufacture all our products as per the specifications and details provided by the customers. Moreover, our team of experts work in close coordination with our clients to understand their exact demands in a better way.
